

## AUC DISTRACTED DRIVER DATASET (V2) LICENSE AGREEMENT

---

The dataset is the sole property of the Machine Intelligence group at the American University in Cairo (MI-AUC) and is protected by copyright. The dataset shall remain the exclusive property of the MI-AUC. The End User acquires no ownership, rights or title of any kind in all or any parts with regard to the dataset.

Any commercial use of the dataset is strictly prohibited. Commercial use includes, but is not limited to: Testing commercial systems; Using screenshots of subjects from the dataset in advertisements, Selling data or making any commercial use of the dataset, Broadcasting data from the dataset.

The End User shall not, without prior authorization of the MI-AUC group, transfer in any way, permanently or temporarily, distribute or broadcast all or part of the dataset to third parties. The End User shall send all requests for the distribution of the dataset to the MI-AUC group.

All publications that report on research that use the dataset should cite the following paper:

H. Eraqi, Y. Abouelnaga, M. Saad, M. Moustafa, "Driver Distraction Identification with an Ensemble of Convolutional Neural Networks", Journal of Advanced Transportation, Machine Learning in Transportation (MLT) Issue, 2019.

This database was captured to develop the state-of-the-art in detection of distracted drivers and so it may be used freely to this purpose. Other research uses of this database are encouraged. However, the End User must first obtain prior consent from the MI-AUC group.

If you agree with the terms of the agreement, fill it out and send it to Yehya Abouelnaga (devyhia@aucegypt.edu) or Hesham Eraqi (hesham.eraqi@gmail.com) to download the database.
